Subject: Proposed Islands Trust bylaw policy

My wife and I are property owners and full time residents on Mayne. We were surprised and shocked by this proposal that brings major changes to island life and the lack of information about it. We were certainly not consulted or had any idea of the proposal. We believe that you should not rush this through but actually consult with all island residents who will be most affected by this. We disagree with most of the changes you are attempting to force upon us in a speedy and almost secretive manner and ask you to reconsider at this time.

Sincerely Ingrid and Jim Marsh
