**Subject:** Non Support for Expansion of Islands Trust Mandate

Hello,

I am Stephanie, currently living in Vancouver but I was raised travelling to the gulf islands every year with a family member currently living on North Pender that I visit regularly. I am emailing to voice my concern and be in non support of the Islands Trust increasing their mandate into areas already controlled by other authorities and further restrictions to the human presence on the Gulf Islands. The Islands Trust role of regulating rural land use and advocating for preserving and protecting the Gulf Islands has been successful thus far but I do not support them gaining any further power.

Thank you for your time.

Stephanie Sewall  
Vancouver, BC
