Transcription of voicemail input to post to Islands 2050 webpage:

Hi! My name is Nina Raginsky and I'm phoning (I don't have a computer) to please record my request to have the Policy Statement updated so that the Earth comes first, that Mother Nature comes first, and secondary - humans. That's how it was always set up and now it seems on Salt Spring that it's going to be...not so easy. So I'd like to just voice my concern.

Help save the Gulf Islands. That's what I want to help do.

Thanks for all your good work that everybody's doing over there.

Nina Raginsky
