Subject: Draft Policy Statement review

To whom this may concern,

I am writing in support of the Island Trusts Draft Policy Statements, specifically regarding co-governance of First Nations and the Island Trust.

I have reviewed the Draft Policy Statements, and look forward to seeing how they will be implemented.

Each category of the Policy Statements play a vital role in creating healthy and diverse communities.

This is a major step towards real life reconciliation with the local First Nations communities.

I am here to support this growth and help in any way I can.

Thank you for your time,
Thalia Apostolopoulos
