Dear Minister Boyle:

I wish to add my voice to the many, including that of our MLA Rob Botterell, who are opposing the endeavours of the Islands Trust to rush the adoption of the TPS. The proposal entails a critical watering down of the Trust's mandate, as been pointed out by many wise people in our community. Furthermore, the votes of our LTC would be of questionable validity, given that one of the three members' status appears not to be legitimate.

It appears that many residents are only just waking up to the many shortcomings of the current draft. Approval should not be sought until after the Fall elections and further consideration.

Best regards,

John Moore
