**Subject:** Support for palmberg rezoning

Dear Galiano LTC, I'm writing this to express my full support for the palmberg rezoning, PLRZ20240003. We as a community should all be working towards producing more products locally, and supporting local businesses to meet our needs rather than always importing products and services from off island. We need to address the current zoning scarcity so that small businesses can have land to operate on. I'm very familiar with the lot and the sound ideas that Leif is proposing with this application and I think that these are ventures that will benefit the community as a whole. Please approve this application.

Thank you,

Zak Sebelius
