Subject: Crystal Mountain

Hello

I have lived on Galiano for over 40 years and I am a neighbour of Crystal Mountain . I have some concerns about their application to rezone their property . I am afraid that if the O.C.P is amended , after years of a struggle to get it in place that it will set a precedence .

The covenant that they want should be looked into more closely. Also the scale of the whole development is too large and needs to be scaled back.

Thank you Susan
