Subject: Crystal Mountain

To Whom it may concern:

As a neighbour of Crystal Mountain in the North End of Galiano , I have concerns to the scale of the plans that Crystal Mountain has for their retreat land . I feel that they have not answered all the questions , and concerns that the neighbour hood has.

It is too large and it goes against the OCP I feel that this should not go through any further until they have met with the neighbours and address our concerns which at this time I feel they have not.

Thank you Susan Friend
