Hello Audrey,

Permission is required from individuals prior to posting any personal information on the Islands Trust website - we have no way of verifying permission from a list of names within a letter submitted from one person.

I am in the process of "unredacting" and posting any names for people who have written in their permission since the letter was posted - however the name Audrey Thomas is not actually included in the original letter submitted by N. Friendenberg from December 4, 2016. I can include your email below as correspondence for the application and circulate it to the Galiano LTC and post it to the website - let me know.

Best,

Regina Robinson

Hello Kim, My name should have appeared on the Dec4th letter that was sent by concerned North End Neighbours of Crystal Mountain. I don't understand why all the names, except one, were left off. If I write a letter concerning this problem, I certainly want my name included. Thank you, Audrey Thomas
