**Subject:** Crystal Mt rezoning proposal

Greetings - I just read the Crystal Mountain rezoning proposal. My first thought - wouldn't it be wonderful if every rezoning proposal exhibited such concern for the land.

It's taken a long time to reach this point, which is unfortunate. Some of that time was necessary as it has meant an evolution in Crystal Mt's appreciation for environmental values. I am in full support and feel it is now beyond time for approval.
