Subject: Re: Crystal Mountain Water Management Plan

Good morning all

What excellent work Team North Galiano! I very much like the addition of "We 51 residents and neighbours ...". It's good to repeat the actual numbers of people signed on!

Please find attached a letter from 51 north Galiano neighbours demanding a new and more thorough groundwater study at Crystal Mountain.

I would also ask that this letter be posted on the Islands Trust Web Site.

Thank-you for your consideration.

Sincerely,

J Ronsley

Galiano
