RE: Crystal Mountain Rezoning, **GL-RZ-2014.1**

My name is Arjan van Asselt and I am a fulltime resident of Galiano Island. I wholeheartedly support the rezoning proposal put forward by the Crystal Mountain Society.

There is a long history of moving the goal posts for this rezoning request that has caused it to stall for a prolonged period of time. It is my understanding that all the requested revisions have been addressed and the application meets and exceeds the requirements for approval. In order to allow the process to move forward, I encourage the trustees to set a date for a Community Information Meeting and Public Hearing in September for the Crystal Mountain Society rezoning application.

Best wishes,

A handwritten signature in black ink, appearing to read 'Arjan van Asselt', written in a cursive style.
