Subject: Crystal Mountain Rezoning Proposal

Dear Trustees,

As a resident of Galiano Island I am writing in support of GL-RZ-2014.1 (Crystal Mountain). I have read the public 'Rezoning Information Update' that was circulated by the Crystal Mountain Society (CMS). I believe that CMS has done its due diligence in meeting the Trust's requirements for rezoning including water and land protection and preservation outlined in Islands Trust Policy Statement Directives. I do hope this proposal will be approved.

Sincerely,
Lezlie Wagman
