Marlis, in your letter on this project you mention there are 120 waterfront lots on Keats Island. I am wondering if this includes the waterfront homes on DL 696 on the south end of Keats. These lots are currently unregistered leased lots and often overlooked by planners because the land registry shows only one property owner here. There is a plan to have these lots registered and sold to the leaseholders in the next few years.

I estimate we have 50 waterfront lots and a total of 110 lots in this community.

Does your number include our waterfront lots?

Thank you.
Paul Milley
Leaseholder
