Subject: Support for Big Dig Em's Rezoning Application PLRZ20240110

I am writing to express my support for Braeden Bigham's rezoning application referenced above. Braeden has been an important business person on North Pender. He has worked hard to become, arguably, the largest and most successful business on North Pender.

In terms of community service, Braeden donated his valuable time, materials, and resources to make the installation of the Magic Lake Property Owners Society's new playground equipment in Privateers Park a reality.

The area Braeden Bigham is applying to rezone is the ideal location for his activities. Close by are other industrial sites including Emcon, BC Hydro, Eco Source Septic. Our local lumber yard is close as well.

Big Dig'em has done most of the excavation work for lots around me, including my lot and right next door. I've never heard anything but satisfaction with his work and cost.

Please contact me should you have further questions.

Sincerely

Bob Coulson
