**Subject:** Delegation to Trust Council meeting in March 2022

Dear Council,

It was confirmed by members of your Staff that the meaning of 'a residential density' is not universal in the Trust Area.

I ask Trust Council to define "a residential density" and to add that definition to the relevant section of the Islands Trust Policy Statement.

For obvious reasons, I feel that 'our' planning language should have the same meaning throughout the Trust Area,

Thanking you for your consideration,

Jacinthe Eastick
