Subject: Letters to be included in the IT Agenda Package 08 July 2021

To whom it may concern,

Regarding the Reading of the Draft Policy Statement Bylaw V2.0 scheduled for the 8th of July, 2021, it has come to my attention that any letters to be included in the Agenda Package must be submitted by today, June 22, 2021. With very little time to prepare an adequate response to this nebulous Draft Policy, I would request a postponement on this reading and the entire process until after the upcoming fall election of the Island Trustees.

The entire Policy needs clarification through proper consultation through Town Hall meetings on every island.

Regards,

Esther Croft
