My husband and I, both residents of Bowen Island since 2006, strongly object to being told how to live on our island, by semi-anonymous zealots on the Islands Trust. Please make sure that their new set of introductions , mainly “ verbotens” with a pernicious whiff of Fascism, will not get a reading until all the islands ‘ residents have had a say in how they like to run their own place with minimal interference from outsiders.
Thank you.
