Dear Sirs/Mesdames:

I am writing to express my concern about the Islands Trust draft Policy Statement, scheduled to have its first reading on July 8, 2021.

I believe that it is irresponsible and even immoral of the Trust to be considering a first reading of massive policy changes which have been developed during Covid when the community as a whole has been struggling to survive and has not been able to participate because of mental health strains and sheer exhaustion. I do not have the energy to read the whole statement but from what I have seen it borders on draconian.

Step back and give your heads a shake!

Sincerely

ELIZABETH ANDERSON
