Subject: Islands Trust Policy Statement Bylaw No. 183

I am writing in support of proposed Bylaw No. 183 Islands Trust Policy Statement Bylaw, 2021.

On Bowen Island, many of us are becoming increasingly concerned about development (and resulting population growth), the encouragement of tourism, and the lack of consideration of the environmental impacts of these activities.

I strongly support a thorough examination of these issues, and encourage recommendations and policy proposals that aim to preserve and protect our islands, and island way of life, for further generations.
