Dear Denman LTC:

Re: Trust Policy Statement

An article in the Times Colonist (see below) inspired me to write to you. I provided input to the public comment opportunity on the Islands Trust Policy Statement.

Admittedly, I was distressed by the resulting draft. My reading of the document has been confirmed by lawyer Don Lidstone's legal opinion on the Trust Policy Statement. The Policy Statement is simply not consistent with the original purpose of the Islands Trust and should be rejected by the LTC.

As always, I appreciate your work.

Sincerely,

Patti Willis
