**We** need to revisit who and how the Islands Trust is operating. Too few people are making decisions for too many.

**We** need more in put from the population at large.

**We** need to live, work and grow at a healthy level. STOPPING is not good for community.

**You** need to listen to the PEOPLE!!!!

Not PUSH them.

- If you believe the revised Policy is so good, why aren't you waiting for the public to approve the Policy through their votes for the Trustees in the fall election as [85% of the Islanders](#) we polled prefer?
