Subject: Support for 3Ravens

Dear Denman Island Planners and Trustees,

My wife and I have read and understand the 3Ravens affordable housing application. We fully support this project without any reservations and we would love to see this approved.

The application is a very rare altruistic example of what should happen much more in our present day society. We feel that this is a clear, practical and profound blueprint for Denman Island and the other Gulf Islands that should be actively encouraged and promoted to prevent the gentrification and commodification of land and housing everywhere.

We ask that you also fully support this project.

Thank you for your time.

Sincerely,

Devmurti and Hari Amrit Khalsa
