

Letter of Support for the 3Ravens Rezoning of 4100 Pinecrest

To: Denman Island Trustees and Islands Trust Planning Staff

I have read and understand the 3Ravens affordable housing land-share application, and I fully support this project.

Affordable housing is an urgent issue on Denman Island. I believe projects like 3Ravens are important for maintaining a diverse, supportive, and sustainable community where people of different incomes and life situations can continue to live.

I respectfully ask the Denman Island Local Trust Committee and Planning Staff to give this application fair, constructive, and timely consideration.

Personal comments (optional):

I, too, respectfully ask the Denman Island Local Trust Committee to give this letter strong consideration

Thank you,
