Re: Support for 3Ravens

Dear Denman Island Planners and Trustees,

I have read and understand the 3Ravens affordable housing application. I have had a tour and appreciate the affordability and land stewardship focus, while also allowing for common gardens and local food production.

3Ravens also reflects values important to Denman Island: cooperation, land care, simple living, community resilience, and housing security for people who live here but are increasingly priced out of stable long-term housing.

I fully support this project. Please approve as the location is ideal, and the housing need is urgent.

Thank you,

Gary Piercy
