Subject: Denman 3 Ravens rezoning

Denman LTC

I fully support the initiative by Tara and Paul to establish a co-operative housing group. Any rezoning that takes land out of the open real estate market is a good thing and should be the only way to increase density on Denman if we are to keep to the mandate of "preserve and protect". They have been thorough in their efforts to adhere to all the steps in the regulatory process and the rezoning application should move forward.
