Subject: Support for 3 Ravens

Dear Denman Island Planners and Trustees,

I have read and understand the 3Ravens affordable housing application and have gone on a tour of the land. I whole heartedly support this project!

Land sharing projects like 3 Ravens, seem like one of the only viable options for many young families (myself included) to ever experience housing security. Having affordable, healthy housing for all makes a stronger community where we all can thrive. My family and I certainly plan on applying to 3 Ravens once approved.

The idea that anyone would oppose such a beneficial project is quite upsetting to me.

Thank you,
