**Subject:** Re: 376 Tinson application

Hi Jane and Blair,

As far as I know, we do not have this application on the agenda for the next meeting so it's not going to be considered until likely January.

Thank you for writing of your concerns. I'll check with the planner whether we would bring forward correspondence related to their previous application - but my thought is no, we would consider new letters since this is a new application, but we can get some clarity on that.

Thanks, Tobi

Dear Tobi,

I understand that once again the owners of 376 Tinson are applying for a variance to operate a short term rental on their property. As we were at their first application we are opposed to this application. The reasons for our opposition this time are the same as the ones expressed by us and many others in our community at their first application. I expect that you will have access to these letters but if not I will rewrite one. In addition to being opposed to the commercialization of our neighbourhood we hope that Island Trust takes into consideration the guidelines and proposed legislation of the provincial government to restrict short term rentals in BC.

It is disappointing that this couple did not hear or care about the opposition by the community the first time around. Please vote against this application.

Thank you,

Jane and Blair Mann

Gabriola
