For late correspondence or more likely for holding until the TUP application comes before us? I have advised all letter-writers on this topic that the application is still awaiting the Planner's work (and notification to neighbours). I will now forward the rest of them to northinfo; thank you!

Susan , I can't believe I have to express Myself once again on the issue of 376 Tinson pt. Nothing has Changed for All of Us to support this application again. We do not need this in Our close neighborhood. Thank You for Your consideration on this matter and Please pass this to Your fellow Trustees. Yours
