Hi susan

We continue to be opposed to this application for all the reasons we voiced with their first application. And now with the province restricting short term rentals to your permanent residence their lack of living on site adds to the reasons to reject their application. And we understand that Gabriola is not included yet in the new legislation. Hopefully we can do everything in our power to promote housing for islanders. And keep our neighbourhoods communities not commercial enterprises.
Thanks so much Janet lironi
