Hello Susan I am writing you to show support for geneen gorgiev's tup application as someone who grew up on gabriola she had many connections to this island and the people here she has shown support for locals time and again when they needed housing. I think her location makes sense for This kind of activity and feel there is a need for both short term rentals and the kind of wellbeing work shops she facilitates through her home here on gabriola I'm my opinion we all benefit from having spaces for both off islanders and locals to stay for short and medium term. I am confident she will always be reasonable with any neighbours that have complaints and the Benefits far out weigh the down sides. Thank you for your time
Sincerely Carl boehm
