Dear Trustees, Thank you for the opportunity to share some brief comments.

RE: Draft Bylaw No.313 – Ecological Zone Protection

I whole heartedly support the 1st and 2nd Reading of this bylaw. Thank you for bringing this to fruition.

Thank you for your attention to my concerns.

A special appreciation to all three of you for your dedication as Trustees over these last 4 four years and for your commitment to the special purpose of the Islands Trust.

Thanks to all the Island Trust staff who have shown much grace and dignity working through a global pandemic!
