Follow Up Flag: Follow up
Flag Status: Flagged

The survey is slanted and further public meetings are required to make the process valid and valuable. This is not engagement and forces people to only respond in the predesigned boxes.

Gabriola OCP Review Topic-Focused Engagement Survey

The Gabriola Island Local Trust Committee
wants to hear from you!

Housing, the economy, environmental protection, climate change, waste and water, and cultural heritage: these are all topics that Gabriola residents told us are important during the last round of engagement.

Now it's time to translate goals and objectives into policy, and we need your help.

Review the handy discussion guides on each topic, then fill out the survey.

Re: Gabriola OCP Review - Topic Focused Engagement

Read the Discussion Guides

Complete the Survey

The deadline to complete the survey is March 31, 2025.
