Re: 832 Galiano Way Rezoning Application: PLRZ20240003

To whom it may concern:

I am in support of the application to rezone 832 Galiano Way from R2 to site specific business zoning allowing for a buffer from the current BC Hydro substation and neighbouring properties. I have used Leif Palmberg for numerous projects including septic, drainage, delivery of aggregate and firewood, however sometimes the wait times is long. The rezoning to allow for more business friendly use, which seem to be in very short supply on the island, will provide more options and benefits to islanders instead of having to rely on trips to Victoria for trades and materials. Having visited the property, it is an ideal candidate for rezoning in my opinion.

Sincerely

Craig S. Wilshire

Galianao Island.
