**Subject:** Questions regarding Proposed bylaws 153 and 154

Islands Trust

With respect to proposed bylaw 153:

1) is this with respect to public only or apply private shoreline property?

With respect to proposed bylaw 154:

1) does the 15m setback take slope of Rocky shoreline into account or is it horizontal from the high tide mark?

2) are all existing ramps and docks grandfathered under existing regulations including renewals of existing foreshore leases?

Robert Quartermain, resident
