Dear Dan,

We are extremely concerned about how the proposed new bylaws will affect our property and family. Our number one concern is, will present structures and amenities be grandfathered to future generations?

Which means if we have to rebuild our cottage and we have to move it back we will have to remove large trees, lose our septic field thus our right to rebuild.

We would have to abandon the property. Making it useless.

The Borthwick's would be forced to leave after being there since 1933.

This is really scary and hurts a lot.

Thank you,

Al Borthwick.

Good morning Keats. A reminder that the original notice about the CIM on the Keats Foreshore Protection project was incorrect in naming Thursday September 29th instead of the correct **Wednesday September 29th at 6:30 PM – tonight. Here is the correct notice**

<https://islandstrust.bc.ca/document/gambier-ltc-special-meeting-notice/>

And you can find information regarding the project here
