**Subject:** LTC meeting - Sept 1

Hello Dan,

Thank you for your response to my previous email.

I wish to express my disappointment and concern that the proposed Keats Foreshore by-laws will not be explained, discussed or have a public consultation before the second reading.

I hope that dates for further public consultation will be scheduled soon, with sufficient notice, and at a time and place that are accessible for most property owners.

Regards,  
Sharlein Smith
