Subject: Staff accommodation

As someone who has been living on Hornby Island for the past four years, I can vouch for Ronaldo and all of the ways that Fords Cove has benefited the community. I can also say for sure that I wouldn't have been able to stay & work on the island if it weren't for staff accommodation. It is a vital part of living remotely and securing year round workers for the island. I personally know many people who have lived in vehicles and tents during summer months because of the lack of housing here and I believe that having more staff accommodation would provide a necessary solution to this problem.
