

ABOUT THE PROJECT

This project is a comprehensive Official Community Plan (OCP) and Land Use Bylaw (LUB) Review prioritized by the Regional Planning Team. Topic areas of focus include: working with First Nations, Short Term Vacation Rentals and Housing. This project builds on the recommendations of the Advisory Planning Commission and the March 2023 engagement summary report prepared by a consultant. Comprehensive engagement with the K'omoks First Nation is cornerstone to the development of draft bylaws in 2023/2024.
