Islands Trust

Mikaila Lironi

Islands Trustee

This month saw a fruitful APC meeting where they elected a board with Shelly Garside as Chair, Pachi Smith as Vice-Chair, and Philippe Taillefer as Secretary. The committee discussed at length their recommendation for a definition of community benefit as regards to temporary-land use fee reduction. Our LTC meeting included prioritizing completion of any unfinished items from the OCP/LUB Review Project. The OCP is lacking an updated community vision statement which will be remedied. The next meeting will be on July 15, 2024.

I am looking forward to the bi-annual Shellfish Aquaculture Management Advisory Committee meeting next week. We will be covering some significant changes to licencing and hearing from a variety of government agencies and ministries regarding shellfish farming in the province. I always look forward to these meetings as they include a wide variety of voices and they represent all the moving pieces.

If you have any questions or concerns, please contact Tim or me.
