To whom it this concerns,

I would like my opinion to be included as support and form part of the official record regarding application number LA-RZ-2023.1-LTC

This dock project has been approached with thoughtfulness for the wellbeing of the north end and the environmental integrity of Scotty Bay, which is already a strongly industrial area. With increased traffic on the False Bay dock, and examples already in place of Aslan and Tracey's dock being open as an asset for north island residents in emergencies, I believe their request should be granted.

Thank you, Kathy Fisher. Resident on Lasqueti Island for 53 years

I wish you enough xxx
