Hello Lasqueti Local Trust Committee,

I have been reading the above proposed bylaw and I want to thank the Local Trust Committee and the Islands Trust for providing numerous opportunities for reviewing this document. I also want to thank the Local Trust Committee for incorporating content from the Lasqueti Community Association's OCP Review Committee. This committee held many public meetings where the wording of Bylaw 77 was reviewed in depth and suggested revisions and additions forwarded to the LTC for their consideration.

I agree with most of this document and feel that it speaks to the community's wishes regarding future land use. I would like to see an overarching statement that the LTC would use the precautionary principle when making land use decisions.

Once again, thank you for the work you are doing on this bylaw and I look forward to seeing the comments from other members of the community.

Sincerely,
Melinda Auerbach
