Subject: Re: lot sizes

Hi Jack,

Thanks for your email. Reviewing the subdivision lot sizes has been added to be "in scope" for the current project, which is our OCP review. Our OCP Review will hopefully be completed by 2024 barring a delay in ministry approval. After that, we will be updating the Land Use Bylaw regulations, so they are consistent with the new OCP bylaw. Unfortunately, any subdivision applications that are made before this time will be "grandfathered in" with the Land Use Bylaws that were in place when the application was made.

Let me know if you have any more questions.

Thanks,

Mikaila Lironi

Subject: lot sizes

Like many people i am concerned about the discrepancy between 10 acres and 4 hectares. I want the Trust to amend the bylaw to clearly state... 4.0468 acres. Actually, I want a 20 acre minimum, but good luck with that!
