Subject: 538 Arbutus temporary use proposal on Mayne Island

Hello, my name is David Moss and I am a resident of [REDACTED] Mayne Island British Columbia. I see the trust is considering a proposal to allow short-term rentals at 538 Arbutus.

This is in my immediate neighborhood, less than 1 km away from my residence, and I am very much opposed to this proposal.

Short term rentals damage the community, not improve it.

My neighbors are also opposed.

I implore you to deny the proposal or extend the commenting period.

Because it was not well publicized, and I anticipate more comments are forthcoming.

David Moss
