Dear Chair Rogers, and Trustees Dodd and Maude

Re: **MA-RZ-2020.1 (MIHS)** Request for one month delay

As the trustees are aware, the Mayne Island Housing Society has recently been informed by his family that Dr. McHugh [REDACTED], and have received documents [REDACTED]. We have also received documents which confirm Dr. McHugh's provision [REDACTED].

We have been asked by the family to provide a temporary pause in the proceedings so they may familiarize themselves with documentation provided to them by MI Housing Society. We have been assured they will abide by their father's wishes and allow the matter to proceed to completion.

Out of respect to Dr. McHugh and his family's request, the directors of the MI Housing Society request that consideration of the matter **MA-RZ-2020.1(MIHS)** which is on the Local Trust Committee Meeting October agenda for October 25, 2021 be deferred until the next Local Trust Committee meeting scheduled for November 22, 2021.

The directors of the MIHS understand this decision rests with the Local Trustees and not with the Mayne Island Housing Society. We appreciate your consideration of this request.

Sincerely,

[REDACTED]

Deborah Goldman  
President, Mayne Island Housing Society
