Subject: Rezoning

Hello.....I would like to express my concerns regarding the yard which is being used by "Braedon's Big Digem Excavating". This yard and Big Digem are very important to this Island. The placing of the yard is very appropriate as it sits among other industrial sites. Such sites are extremely rare to non existent on Pender. So please adjust the zoning appropriately to allow Big Digem to continue operations. Again, this is extremely important for Pender Island and all that Braedon brings to our welfare.

Thank you for your consideration,

Stephen Fairclough
