Subject: Re: Rezoning support 3334 Port Washington Road

Hi so sorry!!

LETTER OF SUPPORT

Re: Rezoning application PLRZ20240110 (Bigham)
3334 Port Washington Road, North Pender Island

To whom it may concern,

I am writing to support the rezoning request for 3334 Port Washington Road, submitted by Big Dig Em (Braedon Bigham).

This company plays an important role in our community by providing essential excavation and trucking services to and from Pender Island. Their current location is suitable for their operations and is surrounded by similar businesses. Given the limited industrial land on Pender Island, I believe approving this rezoning is in the best interest of the community.

I am a Pender Island resident and business owner who relies on Big Dig Em services weekly.

Jaimes Randall
