Fwd: Letter for Trustees and Planners

February 14, 2025

Dear Salt Spring Trustees and Planners,

For the public record, I am writing to clarify that when speaking at yesterday's LTC meeting, I in no way meant to challenge or disparage the engineering report accompanying the Baker Beach Project's application.

As the engineer writing the report has been on medical leave since Fall 2024, it has been difficult to find answers to questions regarding his report. Who does one ask for help understanding the report leading to recommendations?

In any case, if my wording was awkward or misleading, I want to say that my intentions are all focused on the best outcome for all; humans and the beach.

With appreciation for the work you do on behalf of our island,

Debbie Magnusson
