We are in support of Mid Isle Marine zoning application for Commercial zoning.

For many years we relied on Nick and his staff to support us in the acquisition, licensing, training and repairs for our Double Eagle boat.

The location is ideal, so close to Ganges Harbor for boat launch. Nick keeps the property extremely well maintained with privacy fencing and attractive landscaping. The services he provides to our community are vital.

Please do grant him the zoning request.

Sincerely  
Donald & Deborah Carlson
