Subject: Mid Isle Marine

Hi- As a long time resident of our beautiful island I want to voice my full support to the re-zoning application for Mid Isle Marine. One of the reasons many choose to live on Salt Spring Island is the great opportunities we have for boating. The large boating community needs a facility that helps us maintain our boats. We are fortunate to have Nick and his crew available to meet our needs. Please do what is in your power to help this business thrive by approving their application. Thank you!

Sincerely,
Ken Katz
